STUDENT RECOGNITION AWARD

Nomination for Student Award

(Submit by May 15 Annually)

The IPSA Recognition Award was created in 1997 from funds donated by the Independent Corn Breeders' Association. Donations to increase this fund are welcome.

The IPSA board, at its discretion, will make periodic awards to a student or students entering their junior or senior year or graduate students who are studying in the field of agriculture.

Financial need is not a selection criteria. Preference will be given to children of IPSA members, associates, and to children of employees of IPSA members.

The IPSA board intends to make scholarship awards of up to \$700 to students. The size and number of awards may vary each year, depending upon fund earnings.

Award winners will be announced in July of each year. Recipients will also be invited to attend IPSA's Annual Conference in January if the student's schedule permits.

Name: _____

Institution: _____

Major/Degree: _____

Nominated by: _____

Company or Institution: _____

Date Nominated: _____
